## Narrative comments and suggestions (7 comments)

### Q: Please comment on how the course positively supported your learning.

1  N/A

2  The course was well laid out and the practice problems helped drive home quantitative aspects.

3  Great availability and was able to answer any questions or concerns.

### Q: Please comment on how the course could better support your learning.

1  N/A

2  The only improvement I have is to release answers to exam study guides (which was done for final).

3  A formula sheet would be great since there is so much content. All my other econ classes have formula sheets due to this matter. It is a lot.
